Profile

A Computer Engineering student at An-Najah National University (expected graduation in 2026). I have practical experience in building full-stack web applications using HTML, CSS, JavaScript, Bootstrap, React and Git. I am capable of creating fast and interactive user interfaces, debugging, implementing RESTful APIs, and writing clean code.

Technical Skills

Web: JavaScript, HTML, CSS, Bootstrap, React.js

Tools: Git, ,GitHup,VSCode

Concepts: OOP, RESTful APIs.

Soft Skills

Problem solving &Critical Thinking	Work Ethic&Attention toDetails
Communication&Organizational	Self-Motivation&Flexibility
Continuous learning &Adaptability	

Projects

E-Commerce Web Application

- Built a full-featured e-commerce app using React.js, Material UI, and Zustand
- Implemented full REST API integration (auth, products, cart, orders)
- Developed authentication system (login, register, password reset)
- Added multi-language support (Arabic & English) using i18n
- Built dark/light mode system
- Implemented dynamic cart functionality
- Optimized performance and reduced re-renders
